JAIPURIA INSTITUTE OF MANAGEMENT, JAIPUR

ANNOUNCES

THIRD NATIONAL CONFERENCE

YOUTH 2025
SKILLING YOUNG INDIA
FOR GLOBAL LEADERSHIP

FEBRUARY 12-13, 2016

VENUE: JAIPURIA INSTITUTE
OF MANAGEMENT, JAIPUR
India is emerging as the youngest nation of the world due to its demographic transition. By 2025, India is set to become the world’s youngest country with 64 per cent of its population in the working age group. Youth will be a crucial partner in India’s ascending into world leadership position and as a developed country. While developed nations in the world would see ageing population, India would see a bulge in working group population. This is a window of opportunity for India. However, skill and knowledge are the driving force of economic growth and social development for any country rather than a mere headcount. Skill development is critical for achieving faster, sustainable and inclusive growth and in providing decent employment opportunities to the growing young population. Countries with higher and better levels of skills adjust more effectively to the challenges and opportunities of world of work.

Investing in skilling youth and developing leadership is likely to benefit not only the exceptional young people who will go on to become the political, business and civil society leaders of the future but also to the larger society and the world. Youth led development capitalises on the immense energy, creativity and ideas of young people which would hold the potentiality for participation in global leadership in various fields.
Jaipuria Institute of Management, Jaipur recognized the need to focus on youth quite early and it has systematically embedded skill development and industry connects into its curricula. The Institute also started a National Conference Series in 2014 on Youth 2025 to discuss and deliberate various aspects of youth’s life. This initiative created a platform for policy deliberations, bringing people from various walks of life together.

The first conference on Youth 2025 was organized on 8-9 February 2014, which discussed the potentiality of demographic dividend and how to harness the potential of youth for making India a developed country. The second conference organized on 13-14 March deliberated on the theme, "Marketing and Communication for Young India".

It is in this backdrop, Jaipuria Institute of Management, Jaipur announces the Third National Conference on YOUTH 2025 with a central theme of "Skilling Young India for Global Leadership". The two day conference aims at focusing on the evolving dynamics of fast changing skill requirements and the need to have strategic initiatives to harness and develop youth leadership potential.

Jaipuria Institute of Management, Jaipur is pleased to invite you to register, contribute papers and participate in the Third National Conference, "YOUTH 2025: Skilling Young India for Global Leadership".
MAJOR TOPICS OF INTEREST

Research papers and panel proposals are invited on all topics relevant to the conference theme, "Youth 2025: Skilling Young India for Global Leadership". Broad division of topics into following thematic tracks has been made. Papers can be submitted in a panel contributing towards the theme. Papers outside the suggested thematic tracks are also invited and depending upon the submission, additional thematic track will be announced.

TRACK 1: SKILLING YOUNG INDIA: INITIATIVES AND CHALLENGES

This track focuses on initiatives undertaken, reviewing the progress made so far, and challenges faced in skilling young India. Major questions for deliberation could be—What is the magnitude of initiatives required? What are the promising areas to focus on? What has been the progress made so far? Are we on the right track? What are the challenges being faced? What else need to be done?

Sub-themes: National skill building initiatives, Scope and challenges for skilling India, Skill building as a social imperative to establish dignity of labour, Skill building for inclusive development, Education policy and skill building, Role of educational institutions in skill building, Higher education in India at crossroad, Challenges and opportunities of making Indian youth healthy and happy.
TRACK 2: SKILLING YOUTH FOR MAKE IN INDIA

Make in India initiative has received global response and in times to come India is likely to witness a surge in manufacturing activities. This will require a large pool of human resource engagement. Young India will see tremendous opportunities under this initiative. Major question to ask here would be—Are we ready for this opportunity? What needs to be done? How to streamline youth and skill them to be a part of "Make in India?"

Sub-themes: India’s growth story, Structural transformation of Indian economy, Industrial sector and manufacturing growth in India, Global slowdown in manufacturing and its implications, rational and dimensions of Make in India initiative, Global response to Make in India initiative, Future directions and possibilities under Make in India policy, Preparing youth for Make in India engagement, Role of educational institutions in skillling youth for Make in India.

TRACK 3: CORPORATE SECTOR, TALENT POOL AND GLOBAL LEADERSHIP FOR YOUNG INDIA

Preparing and shaping young India needs corporate sector support in a big way. The task of creating talent pool and preparing them for global leadership cannot be realized without a constructive and proactive support of corporate sector. The questions for deliberation in this track could be—What should be the hiring, nurturing, and retaining strategy for young India? How to create a talent pool and what would be the role of corporate India? What would be the role of corporate sector in securing global leadership for young India? How can India be the global supplier of young leaders? How best can academia-industry interface be achieved? How academia and industry together address the issue of employability gap?

Sub-themes: Skill Building and Corporate India, Talent acquisition and development, Best practices from global organisations, Leadership Competencies, Emerging Trends in Leadership, Leadership development, Next generation leaders, Indian Youth as Global Leaders, Global practices, Models of academia-Industry interface, Addressing employability gaps.

JAIPURIA INSTITUTE OF MANAGEMENT

The Jaipuria group has a long heritage of providing educational excellence to the youth of India since the establishment of Seth Anandram Jaipuria College in Calcutta (now Kolkata) in 1945. The first management institute of Jaipuria was established in 1995 in Lucknow, followed by Noida (2004), Jaipur (2006), and Indore (2010). The two campuses in Lucknow and Noida are NAAC accredited campus with “A” grade. The three campuses in Lucknow, Noida, and Jaipur have been awarded MBA equivalence certification by Association of Indian University (AIU).

Jaipuria Institute of Management, Jaipur in addition to running its PGDM Program also actively engages with the industry and society through various centres such as Centre for Management Development Programmes, Consultancy and Training Centre, Centre for Research and Publications, Centre for Entrepreneurship and Skill Development, Centre for Spirituality and Human Values and through various students initiated clubs and other platforms. The institute strives to inculcate life-skills in students and provide them opportunity and assistance in what they would want to become in life. Recently, IIM, Ahmedabad has written a case study (Case Reference: IIMA/RJMC0037) on Jaipuria Institute of Management, Jaipur for its initiatives to ensure effective student engagement. The NHRDN People’s Matter survey 2015 has ranked Jaipuria Institute of Management, Jaipur as the Best Emerging B-School in India and cited along with IIM-Kashipur and IIM-Ranchi.
