- **Organizational Chart and Processes**

- Nature and Extent of involvement of Faculty and students in academic affairs/improvements

Structure of the organization at the institute level has been developed to facilitate planning and implementation of various policies to ensure continuous improvement in all aspects of institute functioning. The Director is overall in-charge of activities at the institute level and is supported by Dean-Academics in curricular activities and Dean-Student Affairs in co-curricular and extra-curricular and student welfare activities.

Involvement of faculty and students begins from their engagement in curriculum designing, project based-learning, mentoring, finding new forms of individual and group assessments, fieldwork, and on job problem solving besides the conventional class discussion. Further, this engagement extends in the form of club, committee, and research assignments.

- Mechanism/ Norms and Procedure for democratic/ good Governance

Given the existing structure of managing the campus, Good Governance would mean Director gets involved in Policy making and strategy formulation through Deans on campus, however, the main executive body is the Faculty Council. Given strategy and policy, decisions taken by the Faculty Council are final and executed by other department heads and this makes the campus a Faculty-led Campus which ensures good governance. Further, student committees are formed based on their academic background and selection/election process and these students' member-led lead all activities of the campus.

- Student Feedback on Institutional Governance/ Faculty performance.

Non-Academic issues:-Open House is conducted each trimester where students provide instant feedback on non-academic issues i.e. hostel, mess, and other facilities of the campus, and Instant resolution is offered.

Academic issues: - Structured feedback is also being collected in each trimester on academic issues i.e. feedback on course curriculum, learning outcomes, pedagogy, and learning effectiveness.

- Grievance Redressal mechanism for Faculty, staff and students

The institute has a dedicated Disciplinary and Grievance Redressal Committee which is headed by a Senior Faculty of the Institute supported by members comprising of faculty, staff, and students. This committee looks after disciplinary issues regarding students and provides a forum for students to raise their grievances and resolutions.

Any aggrieved student, faculty or staff can approach the Grievance Redressal Committee by filing an online complaint by visiting web link: <https://www.jaipuria.ac.in/grievance-redressalform-jaipur/>. This link has been created for reporting grievances and for seeking redressal. Matter can be escalated to the Ombudsman of external committee in case complainant seeking redressal is not satisfied with decision of the internal grievance redressal committee.

- Establishment of Anti Ragging Committee

Jaipuria Institute of Management, Jaipur is a ragging free campus. Ragging in any form is prohibited. We have ‘Zero **Tolerance Policy**’ in ragging. Students are, therefore, warned against any type of ragging activities in the institute campus/hostel or at any other place.

Those found indulging in any activity which directly or indirectly amounts to ragging shall be penalized appropriately.
